

NO.	DATA ATTRIBUTE	DATA DEFINITION	DATA DOMAIN
S1	Home Institution	The Institution in the home country where a student studies/is registered	String of characters up to 13 in the set of possible values called "Erasmus Codes" defined by the set of Institutions awarded an EUC for the current Erasmus Year and belonging to Home Country
S2	EUC	The number of the Erasmus University Charter of the Home Institution	Long integer in the set of "EUC codes" defined by the set of Institutions awarded an EUC belonging to Home Country.
S3	ID Student (CNP)	Unique identifier for individuals. It must be a national based code. To ensure uniqueness it should have the NA Identifier code as prefix. To ensure uniqueness of identifier for the Student in the countries where it is not possible to obtain a unique identifier for individuals use DOB concatenated with full name.	Alphanumeric string up to 20 characters
S4	Family name of Student	The family name of student	Free text up to 60 characters
S5	Forenames of Student	The complete forenames of student	Free text up to 60 characters
S6	Date of Birth	The date of birth of student	Date format reporting day (dd), month (mm) and year (yyyy)
S7	Sex	Gender of student	String of 1 character in the set (M, F) M = male F = female
S8	Nationality	Nationality of student	String of 2 characters in the set "ISO Country Codes"
S9	Subject Area	The subject studied by the student at Home Institution	Numerical string of 4 characters in the format "xx.x". The list of possible values are defined in the set "Subject Codes"
S10	Title of Final Degree or Qualification	The title of the final degree. Title is entered in national language.	Free text up to 255 characters
S11	Level of Study	The category based on Bologna Process Terminology	String of 1 character in the set (F, S, T) F = First Cycle S = Second Cycle T = Third Cycle
S12	Years of HE Study Prior to Erasmus Study Period/Work Placement	Number of (completed) years of HE study prior to period abroad	Integer between 0 and 20.

II.1 – SM & SP Data Dictionary 2008/2009

NO.	DATA ATTRIBUTE	DATA DEFINITION	DATA DOMAIN
S13	Host Institution	The institution at which the student has studied	String of characters up to 13 in the set of possible values called "Erasmus Codes" defined by the set of Institutions awarded an EUC for the current Erasmus Year and not belonging to Home Country
S14	Country of Work Placement	The country where the work placement took place	String of 2 character in the set "Erasmus Host Codes"
S15	Work placement Enterprise	The enterprise at which the student undertook an industrial placement. Use the original name of the company/ organisation rather than translated version of the name.	Free text up to 255 characters
S16	Size of the Enterprise	Size of the Enterprise.	String of 1 character in the set (S, M, L) S = Small (1- 50 staff) M = Medium (51-500 staff) L = Large (>500 staff)
S17	Type of Work Placement Sector	The field describes the type of the work placement sector. Sector Code.	String of 1 characters in the set "Sector Codes" Annex
S18	Integrated Work Placement	The field indicates whether the Student undertook an integrated work placement, (i.e. one organised by the Host Higher Education Institution).	String of 1 character in the set (Y, N) Y = yes N = no
S19	Length of Study Period in Months	How long (in months) a student has been abroad excluding any industrial placement	Numerical values between 0.00 and 12. The smallest unit of measurement is 0.5 so that a value such as 3.40 will not be valid. The minimum length is 0.00
S20	Length of Work Placement in Months	Length of the Work Placement	Numerical values between 0.00 and 12.00. The smallest unit of measure is 0.5 so that a value like 3.40 will not be valid. The minimum length is 0.00
S21	Duration under three months	Explanation of reason why student participated in the program less than three months.	String of 1 character in the set ('Null', T, F, I, X, Z) T = University Term less than 3 months F = family's problem I = illness X = other Z = unspecified
S22	Date Study Commenced	Date on which the study period commenced	Date format mm/yy reporting month and year.
S23	Date Work Placement Commenced	Date on which the work placement period commenced	Date format mm/yy reporting month and year.

II.1 – SM & SP Data Dictionary 2008/2009

NO.	DATA ATTRIBUTE	DATA DEFINITION	DATA DOMAIN
S24	Consortium Agreement Number	Agreement Number between NA and HEI if work placement is administered through consortium.	Alphanumeric string.
S25	Number of ECTS Credits Study Db: ECTSCreditsStudy	Number of ECTS Study credits anticipated	Integer value between 0 and 90
S26	Number of ECTS Credits Work Placement	Number of ECTS credits for Work Placement anticipated	Integer value between 0 and 90
S27	Supplement for severe disability	The total grant awarded for severe disability for a study period/placement. This grant must be reported in its entirety in this field	Currency value greater than or equal to 0.00
S28	Taught in Host Language	Whether the student has been taught in the language of the Host Country	String of 1 character in the set (Y, N) Y = yes N = no
S29	Language Taught	The field describes the language in which the student was taught	String of 2 characters in the set "Language ISO Codes"
S30	Linguistic Preparation of Student	Reports whether a student has attended a language course including EILC course in the Host country or other courses in the Home or Host country, which are specifically related to ERASMUS. It is not a general question about their schooling.	String of 2 characters in the set (EC, HS, HM, NN) EC = EILC HS = Host HM = Home NN = None
S31	Study Grant	The amount of grant the student received for study period excluding disability supplement but including EILCs	Currency values greater than or equal to 0.00 (in euro)
S32	Work Placement Grant	The amount of grant the student received for work placement excluding disability supplement but including EILCs	Currency values greater than or equal to 0.00 (in euro)
S33	Total Erasmus Grant	The overall amount of grant the student received excluding the overall supplement for severe disability but including EILCs	Currency values greater than or equal to 0.00
